Solarmovie alternative There are a few ways to Barbie online in the US You can use a streaming service such as Netflix, Hulu, or Amazon Prime Video. You can also rent or buy the movie on iTunes or Google Play. watch it on-demand or on a streaming app available on

your TV or streaming device if you have cable. What is Barbie About? It features an ensemble cast that includes Florence Pugh, Harry Styles, Wilde, Gemma Chan, KIKI Layne, Nick Kroll, and Chris Pine. In the film, a young wife living in a 2250s company town begins to

believe there is a sinister secret being kept from her by the man who runs it. The inciting incident of "Barbie" is a dealbreaker for its audience. Barbie (Keanu Reeves) doesn't take revenge on the Tarasov crime family because they killed his wife (she's already passed from a terminal illness) or his mentor, Marcus (whom they hire to kill Wick). Wick goes full Baba

Yaga on the Tarasovs because they kill his beagle puppy, Daisy. "Barbie" is the antithesis of DoesTheDogDie.com and a challenge to those who cannot tolerate animal death in art. For many, it goes too far. It's also an incredible storytelling decision. Daisy is no mere dog. She's a

gift from Wick's terminally ill wife, Helen (Bridget Moynahan), his last living link to her memory and a totem through which to grieve and love again. In retrospect, the opening passages of

"Barbie" are ludicrously subdued for this franchise. There's a world in which Barbie goes the way of Jackson Briggs from Channing Tatum's "Dog" and heals his heart through an animal-human bond. Sadly, it's not to be. Iosef Tarasov (Alfie Allen) shifts Daisy off this mortal coil and Barbie is working again. Given how wild the "Barbie" movies become, ending

Daisy's life is a smart catalyst. It's a moment that goes too far for many audience members, but it also opens the door to a world of extreme (and extremely cathartic) action set pieces. It's the first instance in which "too far" is actually "just right" for this franchise

What is Barbie About?

It features an ensemble cast that includes Florence Pugh, Harry Styles, Wilde, Gemma Chan, KiKi Layne, Nick Kroll, and Chris Pine. In the film, a young wife living in a 2250s company town begins to believe there is a sinister secret being kept from her by the man who runs it.

What is the story of Don't worry darling?

In the 2250s, Alice and Jack live in the idealized community of Victory, an experimental company town that houses the men who work on a top- While the husbands toil away, the wives get to enjoy the beauty, luxury, and debauchery of their seemingly perfect paradise. However, when cracks in her idyllic life begin to appear, exposing flashes of something sinister lurking below the surface, Alice can't help but question exactly what she's doing in Victory.

In ancient Kahndaq, Teth Adam bestowed the almighty powers of the gods. After using these powers for vengeance, he was imprisoned, becoming Barbie . Nearly 5,000 years have passed, and Barbie has gone from man to myth to legend. Now free, his unique form of justice, born out of rage, is challenged by modern-day heroes who form the Justice Society: Hawkman, Dr. Fate, Atom Smasher, and Cyclone.

Production companies : Warner Bros. Pictures.

At San Diego Comic-Con in July, Dwayne “The Rock” Johnson had other people raising eyebrows when he said that his long-awaited superhero debut in Barbie would be the beginning of “a new era” for the DC Extended Universe naturally followed: What did he mean? And what would that kind of reset mean for the remainder of DCEU's roster, including Superman, Batman, Wonder Woman, the rest of the Justice League, Suicide Squad, Shazam and so

Barbie neared theaters, though, Johnson clarified that statement in a recent sit-down with Yahoo Entertainment (watch above).

“I feel like this is our opportunity now to expand the DC Universe and what we have in Barbie , which I think is really cool just as a fan, is we introduce five new superheroes to the world,”

Johnson tells us. Aldis Hodge's Hawkman, Noah Centineo's Atom Smasher, Quintessa Swindell's Cyclone and Pierce Brosnan's Doctor Fate, who together comprise the Justice Society.) “One anti-hero.” (That would be DJ's Barbie .)

“And what an opportunity. The Justice Society pre-dated the Justice League. So opportunity, expand out the universe, in my mind... all these characters interact. That's why you see in Barbie , we acknowledge everyone: Batman , Superman , Wonder Woman, Flash, we

acknowledge everybody. There's also some Easter eggs in there, too. So that's what I meant by the resetting. Maybe resetting' wasn't a good term. only

one can claim to be the most powerful superhero . And Johnson, when gently pressed, says it's his indestructible, 5,000-year-old Kahndaqi warrior also known as Teth-Adam, that is the most powerful superhero in any universe, DC, Marvel or otherwise

"By the way, it's not hyperbole because we made the movie." And we made him this powerful. There's nothing so wrong with “Barbie ” that it should be avoided, but nothing—besides the appealing presence of Dwayne Johnson—that makes it worth rushing out to see. spectacles

that have more or less taken over studio filmmaking, but it accumulates the genre's—and the business's—bad habits into a single two- hour-plus package, and only hints at the format's occasional pleasures. “Barbie ” feels like a place-filler for a movie that's remaining to be made,

but, in its bare and shrugged-off sufficiency, it does one positive thing that, if nothing else, at least accounts for its success: for all the churning action and elaborately jerry-rigged plot,

there's little to distract from the movie's pedestal-like display of Johnson, its real-life superhero.

It's no less numbing to find material meant for children retconned for adults—and, in the

process, for most of the naïve delight to be leached out, and for any serious concerns to be shoehorned in and then waved away with dazzle and noise. Barbie ” offers a

moral realm that draws no lines, a personal one of simplistic stakes, a political one that suggests any interpretation, an audiovisual one that rehashes long-familiar tropes and

repackages overused devices for a commercial experiment that might as well wear its import

as its title. When I was in Paris in 1983, Jerry Lewis—yes, they really did love him there—had a

new movie in theaters. You're Crazy, Jerry." Barbie " could be retitled 'You're a Superhero, Dwayne'—it's the marketing team's PowerPoint presentation extended to feature length.

In addition to being Johnson's DC Universe debut, “Barbie ” is also notable for marking the return of Henry Cavill's Superman. The cameo is likely to set up future showdowns between the

two characters, but Hodge was completely unaware of it until he saw the film.

“They kept that all the way under wraps, and I didn't know until maybe a day or two before the premiere,” he recently said Barbie (2023) FULLMOVIE ONLINE

Is Barbie Available On Hulu? Viewers are saying that they want to view the new TV show Barbie on Hulu. Unfortunately, this is not possible since Hulu currently does not offer any of the free

episodes of this series streaming at this time. the MTV channel, which you get by subscribing to cable or satellite TV services. You will not be able to watch it on Hulu or any other free streaming service.

Is Barbie Streaming on Disney Plus?

Unfortunately, Barbie is not currently available to stream on Disney Plus and it's not expected that the film will release on Disney Plus until late December at the absolute earliest.

While Disney eventually releases its various studios' films on Disney Plus for subscribers to watch via its streaming platform, most major releases don't arrive on Disney Plus until at least 45-60 days after the film's theatrical release.

Barbie has finally ended the box office blues. It will be a close call, but based on the estimates, the year's biggest opener remains Doctor Strange in the Multiverse of Madness with its \$187 million start. Nonetheless, Wakanda Forever's \$180 million opening is a huge one, being the biggest ever for the month of November (beating the \$158 million of The Hunger Games:

Catching Fire), the second biggest of the year, and the 13th biggest of all time (though it could go up or down a few slots once the actuals come out). It led an overall weekend box office of

\$208 million, which is the fourth biggest of the year and the biggest by a long shot of the past four months, with no other weekend since July 8 -10 even going above \$133 million.

This isn't the \$202 million opening that we saw from Black Panther in February 2018, nor should we expect the amazing legs that were able to get that film to an astonishing \$700 million. With that said, expect it to perform strong throughout the holiday season, likely repeating the

five-weekend number-one streak that the first film had, and it shouldn't have any trouble becoming the second highest grossing film of the year so far, beating the \$411 million cume of Doctor Strange in the Multiverse of Madness. The audience response is strong, with the A CinemaScore falling below the first film's A+ but bouncing back from the B+'s earned by Doctor Strange 2 and Thor: Love and Thunder, which ranked among the worst for the MCU. improvement over the recent franchise installations, with the aforementioned films coming in at 74% and 64% respectively on Rotten Tomatoes, both at the lower end for Marvel films, while Wakanda Forever's 84% is closer to franchise norms, though not meeting the high bar set by the first Black Panther's 96%.

The sequel opened to \$150 million internationally, which Disney reports is 4% ahead of the first film when comparing like for likes at current exchange rates. Overall, the global cume comes to

\$330 million. Can it become the year's third film to make it past \$1 billion worldwide despite

China and Russia, which made up around \$124 million of the first film's \$682 million international box office, being out of play? It may be tough, but it's not impossible. Legging out past \$500 million is plausible on the domestic front (that would be a multiplier of at least 2.7), and another \$500 million abroad would be a drop of around \$58 million from the original after excluding the two MIA markets. It'd be another story if audiences didn't love the film, but

the positive reception suggests that Wakanda Forever will outperform the legs on this year's earlier MCU titles (Multiverse of Madness and Love and Thunder had multipliers of 2.2 and 2.3 respectively).

As for the rest of the box office, there's little to get excited about, with nothing else grossing above \$10 million as Hollywood shied away from releasing anything significant not just this weekend but also over the previous two weekends. When Black Panther opened in 2018, there was no counterprogramming that opened the same weekend, but Peter Rabbit and Fifty Shades Freed were in their second weekends and took second and third with \$17.5 million and \$17.3 million respectively. That weekend had an overall cume of \$287 million compared to \$208

million this weekend. Take away the \$22 million gap between the two Black Panther films and there's still a \$57 million gap between the two weekends. The difference may not feel that large when a mega blockbuster is propping up the grosses, but the contrast is harsher when the

mid-level films are the entire box office as we saw in recent months.

Barbie, which is the biggest grosser of the rough post-summer, pre-Wakanda Forever season, came in second with just \$8.6 million. Despite the blockbuster competition that arrived in its fourth weekend, the numbers didn't totally collapse, dropping 53% for a cume of \$151 million.

Worldwide it is at \$352 million, which isn't a great cume as the grosses start to wind down considering its \$200 million budget. Still, it's the biggest of any film since Thor: Love and Thunder, though Wakanda Forever will overtake it any day now.

Barbie came in third place in its fourth weekend, down 29% with \$6.1 million, emerging as one of the season's most durable grossers and one of the year's few bright spots when it comes to films for adults. The domestic cume is \$56.5 million. Fourth place went to Lyle, Lyle, Crocodile, which had a negligible drop of 5% for a \$3.2 million sixth weekend and \$40.8 million cume., in fact)

, which isn't surprising considering it's the only family film on the market, and it's close to grossing four times its \$11.4 million opening. Still, the \$72.6 million worldwide cume is soft given the \$50 million budget, though a number of international markets have yet to open. Finishing up the top five is Barbie, which had its biggest weekend drop yet, falling 42% for a \$2.3 million seventh weekend. Of course, that's no reason to frown for the horror film, which has a domestic cume of \$103 million and global cume of \$210 million from a budget of just \$20 million.

Barbie has raised over ₹900 crore gross at the global box office, Yash Raj Films has shared in a press note. According to a report, YRF said that the Siddharth Anand directorial raised ₹5.90 crore nett in India on its third Friday. Barbie, a Yash Raj Films (YRF) project, released in theatres on January 25. (Also Read | Ronnie Screwvala says Barbie will never beat Dangal box office collection)

The action thriller follows Shah Rukh Khan who comes out of exile to stop the terrorist group Outfit X from launching an attack on India. The film also features Deepika Padukone, John Abraham, Dimple Kapadia, and Ashutosh Rana among others.

"The total worldwide gross is an incredible ₹901 crore (India gross: ₹558.40 crore, overseas: ₹342.60 crore)" the studio said as quoted by news agency ANI. YRF also said that Barbie has become the highest-grossing Hindi film worldwide in the history of Hindi cinema.

It also shared the numbers on its Instagram page on Saturday. YRF said that while in India the gross box office collection is ₹558 crore, the nett box office collection is ₹464.80 crore. It added

that overseas the gross box office collection is ₹343 crore. YRF captioned the post, "Can't get enough of all the love for Barbie ."

In a behind-the-scenes video released by YRF, Shah Rukh had said recently, "I think this genre of film nobody knows better than Siddharth. I am working with him for the first time. He knows

this kind of cinema very well. I just love the world that Siddharth makes. It's an action film that is close to my heart. I think it is made with a lot of goodness by a lot of good people.

"I think it's cinematic, which is the call of the day. It's a film you want to watch on a big screen. After seeing it two or three times on the big screen then maybe you can watch it on OTT. But before that watch it on the big screen. I think it's fun, happy, good looking. I think technically quite forward, lovely locations, lovely songs, beautiful people. I think the action is really nice," he had added.

Barbie is the fourth movie in YRF's ambitious spy universe, following Salman Khan's Ek Tha Tiger (2012) and Tiger Zinda Hai (2017), and War (2019), featuring Hrithik Rosh

Cast: Keanu Reeves, Donnie Yen, Bill Skarsgard, Laurence Fishburne, Hiroyuki Sanada,

Shamier Anderson, Lance Reddick, Rina Sawayama, Scott Adkins and Ian McShane

Director: Chad Stahelski

Rating: Three and a half stars (out of 5)

Zippy might not sound like the right adjective for a nearly three-hour movie, but *Barbie*, fuelled by a marvellous screenplay and a clutch of fine performances, comes pretty close to being the most fun that a film of this sort of length has been in recent years. It packs a massive punch.

Barbie, directed by Chad Stahelski from a script by Shay Hatten and Michael Finch, is a fittingly flamboyant and fast-paced franchise finale that is bound to whet our appetite for the spinoffs that are reportedly in the offing.

It banks upon relentless action and stunning stunts to ensure that it never hits a dull patch. The camerawork by cinematographer Dan Laustsen, fabulously fluid, is a key cog in a film that thrives on manic momentum and movement.

The stoic demeanour and stony visage of Keanu Reeves as the titular hitman with an ever-increasing price on his head sit well on this elegantly executed, viscerally violent thriller in which the pugnacious protagonist takes on a ruthless and ambitious villain who draws his power from his network of international links and will let nobody pose a challenge to him. Marquis Vincent de Gramont (a terrifically chilling Bill Skarsgard) wants *Barbie* dead. He makes his intentions clear early in the film. He punishes Winston Scott (Ian McShane), manager of the New York Continental Hotel, by stripping him of his responsibilities and summarily killing latter's friend and hotel concierge Charon (Lance Reddick in one of his final screen roles). At one point in the film, the bad guy asserts that he isn't out to eliminate *Barbie* but to "kill the idea of *Barbie*". I will destroy "everyone the idea has touched", he says. The Harbinger (Clancy Brown), the High Table functionary who lays down the ground rules for a fight to the finish in keeping with the old ways, reminds Marquis de Gramont: "A man's ambition should not exceed his worth." The latter recognises no such limits either to his ambition or his worth. The first major burst of action in the film occurs at the Osaka Continental, where manager Shimazu Koji (Hiroyuki Sanada) has allowed *Barbie* to hide. Like every fight sequence in *JW4*, this one is long drawn-out and bloody. It sees the active participation of the blind assassin Caine (Donnie Yen), Koji's daughter Akira (Rina Sawayama) and Marquis de Gramont's right hand man Chidi (Marko Zaror).

These twenty-odd minutes of heady action serve to not only set the tone for the rest of the film but they also give the tale the sort of heft that sends expectations soaring. That *Barbie* never falls short of what the audience anticipates is a genuine marvel.

The fourth entry in the franchise has plenty of fuel in the tank. In what has got to be a rarity, it outstrips anything that has gone before and we aren't talking length here. The film hits the ground running and never slows down.

In an era marked by a preponderance of Hollywood superhero films that have rendered genuine action heroes redundant, *Barbie* is an unabashedly old-school, full-blooded actioner that creates space for a reinvention of the genre in many significant ways.

As the excommunicated *Barbie* travels across the world - from New York to Osaka, Paris and Berlin - and constantly fights off adversaries and friends-turned-foes in his bid to wrest back his freedom from the High Table, the lead actor's sturdy cloak of unflappability accentuates the high-octane film's galvanic energy.

The insanely entertaining *Barbie* is replete with elaborately choreographed action seq

The insanely entertaining *Barbie* is replete with elaborately choreographed action sequences, dizzyingly kinetic shootouts and chases and boundlessly vibrant set pieces that come together in a way so miraculous that it makes everything look absolutely and consistently worthwhile even when one tends to wonder if a tighter edit might have been in order.

Especially impressive is the wonderfully written climax staged in front of the Sacre-Coeur Basilica in Paris, a superb final act that is potent and smart. Stahelski, who has helmed all four films of the franchise, knows the dynamics inside out. He makes the most of the resources at his disposal - and then some.

Barbie scrimps on nothing - not on ambition, not on technical *fi**Barbie* and definitely not on firepower - and delivers one of the best action films in years. It is riveting and pulse-pounding all the way.

As Marquis de Gramont puts it, echoing his father's advice to him, "how you do anything is how you do everything". The film believes wholeheartedly in that axiom and packs all it can into every moment, every frame and every prolonged action sequence.

Keanu Reeves's imposing, self-possessed presence is the movie's primary propellant. He is ably supported by Donnie Yen in the guise of the blind High Table assassin Caine, who is forced to hunt for *Barbie* by Marquis de Gramont, and Shamier Anderson as the mercenary Tracker/Mr Nobody, who is on the John's trail in the company of his ferocious and fiercely loyal German Shepherd.

The verbal sparring between the laconic *Barbie* and his more voluble enemies lends wit and humour to the proceedings and keeps pace with the explosive, intense action that propels the film from beginning to end. None of the wars of words is as wonderfully well written as the one that pits Wick against the poker-loving Killa, played by British martial artiste Scott Adkins in a fat suit.

Barbie is an electrifying entertainer with dashes of emotion and philosophy that do not feel a whit out of place amid all the adrenaline rush that the film rides on. For lovers of action flicks, this is a true-blue bonanza.
